Ida Bagus Indra Prayoga

Information Technology Product Manager
Jakarta

Summary

I am a passionate individual who enjoys honing my craft. I like to keep up with the latest developments in information technology to improve the services which I can provide. I enjoy communicating with people, and figuring out solutions to problems which are presented in a professional setting. I am an experienced project leader, and enjoy managing people as much as I enjoy managing data. As a team member, I listen well to feedback, and I am able to accept critique and input.

I have worked in various industries, both in the employ of an organizations, as well as during my time as a freelancer. These industries include, but are not limited to; telecommunications, banking, governmental organizations, social services (public libraries), e-commerce, oil and gas, as well as insurance.

I am open for collaboration for challenging new projects.
